/ DESIGNLINE

Designline serien kan bruges til både at mixe spots og pendler i skinnen. Med Designline Corner og T-connector kan der sammensættes skinner, der skaber en vinkel. Designline Connector gør det muligt at sammensætte skinnerne og give uendelige lange skinner.

Om os

ANTIDARKS KOLLEKTION ER KARAKTERISTISK, MINIMALISTISK OG TIDLØS

Vi brænder for at skabe belysning, der giver den helt rette stemning og det perfekte lys. Vi stræber efter at udvikle produkter, hvor design og kvalitet går op i en højere enhed.

Design er ikke blot godt design. Lys og lamper handler om mere end flot og æstetisk look. Vi designer belysning, som former det rum du befinder dig i, hvad enten det er ude eller inde, så det bliver smukt, behageligt, beroligende og afslappende at være i og samtidig fremhæver de øvrige elementer i rummet.

Lys er et af de vigtigste parametre. Det sætter dagsordenen for, hvordan rummet tager sig ud med hensyn til farver og stemning.
